NEW RANGE ROVER VELAR
2018
Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore territories and meet challenges that seemingly exceeded the boundaries of what is possible. As such, our vehicles epitomize the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.
NEW RANGE ROVER VELAR

Land Rover is proud to introduce the New Range Rover Velar. A brand new addition to the Range Rover family, sitting between the Range Rover Evoque and the Range Rover Sport. A new dimension in glamour, modernity and elegance, with emotionally charged DNA and unquestionable design pedigree.

INTRODUCING OUR NEWEST MEMBER OF THE RANGE ROVER FAMILY

"The interior of the New Range Rover Velar is a calm sanctuary, created through elegant simplicity and a visually reductive approach, with design enabled technologies like the Touch Pro Duo infotainment system††. All-LED lights and flush-deployable door handles on the exterior complete a truly compelling design and, of course, it’s a Land Rover with unrivalled capability. Introducing the New Range Rover Velar: the Avant-Garde Range Rover.”

Gerry McGovern,
Land Rover Chief Design Officer

Features and their availability may differ by vehicle specification. For full feature and option availability please visit your local Land Rover Retailer.

Vehicle shown: 2018 Range Rover Velar R-Dynamic HSE with optional equipment.

INTELLIGENT VERSATILITY
To make your trip even more comfortable, Range Rover Velar provides 970mm head clearance and 945mm knee clearance for occupants, along with exemplary cargo space of 673 litres*. Electronic Air Suspension** enables Automatic Access Height for elegant entry and the Powered Gesture Tailgate allows simple loading with hands free access. See page 34 for details.

DISTINCTIVE INTERIOR AMBIANCE
The Range Rover Velar cabin is a calm sanctuary. Wind and road noise are minimized through the use of aerodynamic undertrays and acoustically laminated front glazing. Rear passengers benefit from reclining rear seats, optional Four-zone Climate Control and optional 8” Rear Seat Entertainment screens. See page 11 for details.

DESIGN ENABLED TECHNOLOGIES
The standard Touch Pro Duo infotainment system, part of Land Rover InControl® technologies, makes life more connected and entertaining. The system seamlessly integrates two 10” high-definition Touchscreens to enable you to make a phone call on one screen while navigating on the other††. Touch Pro Duo may be complemented with full-colour Head-up Display, an optional state-of-the-art system† providing sharp graphics and optional Interactive Driver Display with configurable touch steering wheel controls. See page 21 for details.

CAPABILITY
Range Rover Velar has world-renowned Land Rover capability at its core. Standard features include: All Wheel Drive (AWD) with Intelligent Drive Dynamics (IDD), Adaptive Dynamics, Electronic Air Suspension**, and Torque Vectoring by Braking to deliver a connected drive†. Adding to driver assurance off-road, optional features include: All Terrain Progress Control (ATPC), Terrain Response® 2† and an Action Rear Locking Differential††. See pages 17 to 19 for details.

COMPPELLING DESIGN
The design of the Range Rover Velar is revolutionary. Its elegant look and exemplary range of standard features such as flush deployable door handles and a full-span grille give the vehicle's front profile an undeniable presence. Sleek LED headlights and rear lights are also standard. See page 8 for details.

OUTSTANDING CRAFTSMANSHIP AND MATERIALS
A team of specialists have meticulously developed every component that you see and touch, to deliver a refined, tactile experience. Supple leathers or premium textile and suede cloth can be specified for seats, steering wheel and extensively throughout the cabin. See page 11 for details.

DEFINED EFFICIENT POWER
A choice between a 2.0L Turbocharged Diesel 4-cylinder engine producing 180HP and 3.0L V6 Supercharged Gas engine delivering 380HP of refined and responsive driving. The later engine delivers 332 lb-ft of torque while the 2.0L Turbocharged Diesel engine delivers CO₂ from just 142 g/km. See page 12 for details.

SPORTS COMMAND DRIVING POSITION
The Sports Command Driving Position helps deliver a more confident, engaged drive. See pages 11 and 32 for details.

Sophisticated. Intelligent. Advanced. Refined power and effortless elegance combine with exquisite effect in this outstanding example of contemporary automotive design. The Range Rover Velar is beautifully balanced, with optimized proportions. Its proud Range Rover lineage is instantly recognizable, from the formal, powerful volumes of the front end, through a flowing, continuous waistline, culminating in a taut and elegantly tapered rear.

The sleek, volumes of the lower body, with its flawlessly integrated deployable flush door handles, bear witness to our obsession with the finest detail. Optional 22" wheels enhance the vehicle’s stunning proportions, further emphasising the spectacular on-road presence of the Range Rover Velar. At the rear, the vehicle’s design is distinguished by quad tail light signature elements within a full-width graphic incorporating the iconic Range Rover script, seamlessly harmonising the vehicle’s lines to stunning effect.

Search ‘Range Rover Velar Design’ for full details.
CELEBRATION OF INTERIOR DESIGN

The cabin of the Range Rover Velar exudes elegant simplicity. The familiar Range Rover interior design architecture, with its strong elegant horizontal lines, blends seamlessly with innovative features to give a feeling of calm, and enhance the driving experience.

Two seamlessly integrated 10” Touchscreens* and minimalist controls as standard, give easy control of the latest advanced technology. As the vehicle is started and comes to life, the revolutionary Touch Pro Duo technology reinforces the overall sense of luxury and innovation**. Everything has been designed and crafted to help you and your passengers arrive relaxed.

The twin sliding armrests, which operate independently, help maximise your individual comfort.

Beautiful materials, including optional Windsor leather with a signature Cut Diamond pattern throughout the cabin, and a contemporary textile. Modern premium textiles, expertly constructed in collaboration with one of Europe’s leading manufacturers of high-quality and design-led textiles, Kvadrat, are offered as an alternative to leather.

The elevated position of our renowned Sports Command Driving Position, is designed to enable you to see further down the road and view your surroundings with greater clarity.

The option of Configurable Ambient Interior Lighting in a choice of ten colours creates the right mood. The panoramic roof, standard on all models, floods the cabin with light, bringing the outside in and further enhancing the interior cabin.

Search ‘Range Rover Velar Design’ for full details.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia system under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. **Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. Interior shown: 2018 Range Rover Velar R-Dynamic HSE with Light Oyster/Ebony interior in Windsor leather and optional equipment.
Performance and capability

Engines and Transmission

Power, sheer driving pleasure and refinement, there is a range of engines available for the Range Rover Velar and each has been optimized for specific attributes to cater for all needs. All engines are equipped with Stop/Start technology and smart regenerative charging, this feature harnesses kinetic energy from braking to charge the battery for maximum economy, especially during city driving. Ingenium technology underpins the 4-cylinder engine in the Range Rover Velar models. This low friction, all-aluminum engine has stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance.

Search ‘Range Rover Velar Performance’ for full details.

Diesel Engine

D180
The Ingenium 2.0 litre 4-cylinder 180HP Turbocharged Diesel engine produces 317 lb-ft of torque and is optimized to deliver the best fuel economy in the range.
- High-pressure common rail direct fuel injection, exhaust variable cam timing and a high-efficiency water-cooled intercooler work in combination for a clean, efficient combustion.
- Intelligent, electronically controlled, adaptive engine cooling only engages when required.
- The engine features a variable geometry turbocharger that adapts for the changing flow of exhaust gases for high torque throughout the rev range and improved responsiveness that is uniform, progressive and reduced lag.

*On vehicle with P380 3.0L Supercharged engine, if fitted with 18" wheels the top speed will be 220 km/h.†Always follow local speed limits.

Gas Engine

P380
The 3.0 litre V6 380HP Supercharged Gas engine produces 332 lb-ft of torque and is the top of the range for ultimate performance.
- The Roots-type twin vortex supercharger provides linear power delivery and maximum responsiveness.
- A spray guided direct injection system carefully manages the air-fuel mixture in the combustion chamber for improved combustion, extracting more energy from the fuel injected. This results in excellent power.
- The engine also features dual independent variable cam timing to vary inlet and exhaust valve operation, working alongside lightweight pistons with ultra-low friction piston rings, for increased performance and efficiency.
- A twin, contra-rotating balance shaft system is employed to minimize vibration, resulting in an engine with incredibly smooth power delivery.

8-Speed Automatic Transmission

All Diesel and Gas engines in the Range Rover Velar are coupled with an 8-Speed Automatic Transmission. With eight closely spaced ratios, the transmission ensures that you are always in the optimum gear, enhancing fuel efficiency and acceleration. Gear changes are almost imperceptible and shift schedules intelligently adapt to your driving style.

ALL WHEEL DRIVE WITH INTELLIGENT DRIVELINE DYNAMICS

All Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD) is fitted as standard. The system continually optimizes engine torque distribution to the front and rear wheels in order to provide improved traction and enhanced stability. AWD with IDD continually optimizes the engine torque distribution to the front and rear wheels to provide improved traction and stability in a variety of road and weather conditions. Uniquely developed for the Range Rover Velar, the durable transfer box uses an electro-mechanically activated multi-plate wet clutch to deliver smooth and precise distribution to the front and rear wheels. This ensures the constant optimization is imperceptible from the cabin and available engine torque is maximized to give efficient vehicle traction.

IDD determines the required distribution by continually monitoring the vehicle and its interaction with the road. Typically starting with a 50:50 distribution to ensure maximum controlled stability from the first vehicle movement, the system has the full capability of 100 percent rear bias to 100 percent front bias should road conditions require it. Predictive, as well as reactive, the system helps prevent losing traction as well as working to regain it.

REFINED PERFORMANCE

The drive of the Range Rover Velar is supremely confident, connected and effortlessly delivered thanks to a carefully engineered suite of technologies.

LOW TRACTION CONDITIONS

On slippery surfaces, such as wet grass and snow, torque can be balanced between the front and rear wheels to improve traction. In extreme conditions where only the front wheels have traction, up to 100 percent of engine torque can be distributed to the front wheels for enhanced grip.

HIGH TRACTION CONDITIONS

On smooth, dry surfaces, Range Rover Velar provides intelligent torque distribution to the rear wheels for the most efficient drive as well as delivering precise agility and handling.

TORQUE VECTORING BY BRAKING

Torque Vectoring by Braking is designed to deliver controlled, responsive cornering by reducing near-limit understeer through controlled braking of the inside wheels.

ADAPTIVE DYNAMICS

The standard Adaptive Dynamics system delivers both precise dynamics and a supple, luxurious ride by monitoring wheel position and body movements. To do this, the system is designed to constantly analyze acceleration, steering and brake pedal activity. The electronically controlled dampers adjust to optimize the suspension settings and provide optimum balance between comfort, refinement and agility.

CONFIGURABLE DYNAMICS

To enhance either refinement or comfort in the vehicle’s performance, the optional Configurable Dynamics function allows you to configure the throttle mapping, gearshift points, steering settings and suspension to suit your driving needs. Search ‘Range Rover Velar Capability’ for full details.
CAPABILITY

The first family of vehicles to combine luxury and refinement with Land Rover-renowned capability, Range Rover continues to be leading-edge. Range Rover Velar offers new levels of style, while its unique Land Rover technologies and optimized geometry secure its position at the forefront of off-road capability.

The Land Rover patented Hill Descent Control (HDC®) is a standard feature. It is designed to assist the driver with controlled descents of difficult slopes. It does so by maintaining a constant speed and applying braking separately to each wheel. Hill Descent Assist, which also comes as standard, is designed to help prevent the vehicle from rolling backwards as it pulls away on an incline. The vehicle also utilizes Gradient Release Control, which is also standard, and is designed to prevent the vehicle accelerating too quickly on a steep incline when the driver releases the brake*.

ELECTRONIC AIR SUSPENSION

A sure-footed, composed drive is completed by the latest available Electronic Air Suspension, which provides exceptional wheel articulation and poise. It changes the vehicle’s height quickly, allowing close linking of the diagonal wheels to keep all four wheels on the ground on very uneven surfaces. Added to which, it makes loading heavy objects into the trunk easier as you can alter the vehicle’s height by +/- 2 inches to suit your needs. These functions can be operated via the 10” Touchscreen or button** in the cargo space area. The Speed Lowering System also uses the Electronic Air Suspension to reduce aerodynamic drag and fuel consumption at cruising speeds by lowering the vehicle from normal ride-height when the speed reaches 105 km/h†.

ALL TERRAIN PROGRESS CONTROL

All Terrain Progress Control (ATPC) is a state-of-the-art optional system that enables you to set and maintain a steady speed in challenging conditions such as slippery surfaces, including: mud, wet grass, snow and dirt roads. Operating like a cruise control system, it functions between 1.8 km/h and 30 km/h, enabling you to maintain full concentration on steering and finding a path through obstacles*.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover retailer for more details.
**Only available when optional extra is ordered.
†Only available when optional extra is ordered.

Vehicle shown: 2018 R-Dynamic HSE in Silicon Silver with optional equipment.
When you manually select Land Rover’s unique standard Terrain Response® system, it sets the vehicle up optimally to match the demands of the terrain, by adapting the responses of the vehicle’s engine, gearbox, differentials and chassis systems. There are six Terrain Response® settings: Comfort, Grass/Gravel/Snow, Mud and Ruts, Sand, ECO and Dynamic Mode.

Terrain Response® 2† is an option that takes the capabilities of the award-winning system to a new level. This features an automated setting which monitors the current driving conditions and automatically selects the most suitable terrain setting. This function works seamlessly through the Touch Pro Duo Control Panel (lower Touchscreen).

When you manually select Land Rover’s unique standard Terrain Response® system, it sets the vehicle up optimally to match the demands of the terrain, by adapting the responses of the vehicle’s engine, gearbox, differentials and chassis systems. There are six Terrain Response® settings: Comfort, Grass/Gravel/Snow, Mud and Ruts, Sand, ECO and Dynamic Mode.

There are six Terrain Response® settings: Comfort, Grass/Gravel/Snow, Mud and Ruts, Sand, ECO and Dynamic Mode.

The Active Locking Rear Differential †† is designed to enhance traction in various weather conditions. A typical open differential transfers equal torque to the driven wheels meaning that if one wheel slips, then torque transfer to the other wheel is also limited, which reduces traction. Whereas, the Range Rover Velar All Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD) and Electronic Traction Control (ETC), both fitted as standard, go two steps further by distributing torque to both the front and the rear wheels, and by braking the wheels independently to improve traction respectively. The addition of the Active Locking Rear Differential delivers the ultimate combination to enhance traction through limiting slip across the rear wheels.

A second multi-plate wet clutch between the rear wheels can lock almost instantly to provide full engine output torque to both wheels. This can be especially useful to deliver effortless capability in low grip conditions such as wet grass or during wheel articulation off-road. It also provides enhanced traction when exiting a corner, as when the inside wheel becomes unloaded due to weight transfer, the Active Locking Rear Differential increases the torque to the outside wheel.

Search ‘Range Rover Velar Capability’ for full details.
TECHNOLOGY INFOTAINMENT

The new Land Rover InControl® infotainment system, Touch Pro Duo not only looks like no other, it performs like no other.

Delivering a wealth of information and entertainment, it features intuitive and advanced integrated technologies to ensure everyone can make the most of their trip*.

Search ‘Range Rover Velar Technology’ for full details.

TOUCH PRO DUO

The new standard 10” dual high-definition Touchscreens allow the user to view required information while simultaneously being able to interact with additional features, for improved flexibility and efficiency of use*. For instance, you can use the navigation system in the upper screen while simultaneously using the lower screen**. Direct access to cabin and seat temperature controls are also available via the new multi-function Dynamic Dials. For a truly elegant and streamlined appearance, the steering wheel also has new hidden-until-lit, touch-sensitive switches as standard. One of these switches is programmable, so that it can be personalized to your preferences to accomplish a host of functions.

INTERACTIVE DRIVER DISPLAY

The Range Rover Velar ensures you're always entertained, informed and connected. Range Rover Velar SE and HSE models feature a 12.3” high-definition Interactive Driver Display that can receive and project a vast amount of driving information, entertainment and data including navigation, phone and media**. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving pin sharp graphics. Features can be accessed on either the Interactive Driver Display or the Touch Pro Duo Touchscreen*.

HEAD-UP DISPLAY

To reduce distraction or the need for you to take your eyes off the road, Head-up Display† is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windshield‡. It features crystal clear full colour graphics in high resolution, enabling you to see all driver inputs and information with ease. It can also display information from the Touch Pro Touchscreens including phone and media information such as the name of the track you are listening to. The feature can be turned on and off dependent on driver preference**.

REAR SEAT ENTERTAINMENT

The optional Rear Seat Entertainment System provides two 8” screens built in to the rear of the front headrests. It includes ‘Trip Status’, a Navigation Summary screen which displays a pop-up for the rear occupant detailing the time and distance to destination. The system comes with two WhiteFire® digital wireless headphone sets and HDMI, Mobile High-Definition Link (MHL) and USB connections.

*Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.
**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Please consult the owner’s manual or your local authorized Land Rover Retailer for complete details on all vehicle safety-related topics at any time.
†Image shown with optional Traffic Sign Recognition and Adaptive Speed Limiter.‡These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Interior shown: 2018 Range Rover Velar R-Dynamic HSE with Light Oyster/Ebony interior in Windsor leather with optional features.
A vehicle’s cabin is the ideal place within which to experience your personal choice of music and the Range Rover Velar has the option of four different audio systems to bring your music to life.

MERIDIAN™ SOUND SYSTEM

Great definition, crystal clear highs and full, deep bass – delivered through the careful arrangement of 11 door-mounted speakers including a dual channel subwoofer. Only available on Range Rover Velar S.

MERIDIAN SURROUND SOUND SYSTEM

All the fullness and clarity of a live performance delivered through an arrangement of 17 front, side and rear speakers including a dual channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the centre and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger. Optional on Range Rover Velar S, standard on Range Rover Velar R-Dynamic SE and HSE.

MERIDIAN SIGNATURE SOUND SYSTEM

This delivers truly life-like reproduction, creating a profound, personal sound experience for every ear. World-first Trifield 3D technology takes surround sound to the next level, the Signature Sound System includes 23 speakers including a dual channel subwoofer. Incredibly authentic, the sense of cabin space is expanded to a 3D experience – rendering all the instruments, performers and venues of your favourite performances in true scale and location.

SIRIUSXM® SATELLITE RADIO

The option of HD satellite radio technology offers improved sound quality, and a wide choice of stations and entertainment.*

*A 3 month trial subscription to the Sirius All Access package is included with the vehicle, which gives you access to 150+ channels of premium programming. Plus you can stream your favorite songs and podcasts on your computer, smartphone or tablet – it’s included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM Satellite Radio is not available in Alaska or Hawaii.

Audio systems and their availability may differ by vehicle specification.

Search ‘Range Rover Velar Technology’ for full details.

DIGITAL SIGNAL PROCESSING

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION

The advanced algorithm of Meridian’s Cabin Correction reduces the sound experience to the precise acoustics of the interior of the Range Rover Velar.

MERIDIAN DIGITAL DITHER SHAPING

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, maintaining the emotions of the original recording.

TRIFIELD

Exclusive to Meridian, Trifield blends the centre and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

TRIFIELD 3D

Building on Meridian’s proven Trifield surround sound technology – world-first in car Trifield 3D truly brings musical performances to life. Through the addition of dedicated height channels, the sense of cabin space is expanded to a 3D experience, for a supreme sense of scale and definition in your music.
INTRODUCING OUR NEWEST MEMBER OF THE RANGE ROVER FAMILY

**VOICE RECOGNITION SYSTEM**

Understands clear spoken instructions, so you can concentrate on the road ahead with fewer distractions.

**REMOTE PACKAGE**

InControl Remote app provides upgraded information on your vehicle and enables you to interact with your vehicle remotely. Compatible with most smartphones, Android™ Wear or the Apple Watch®. This service includes:

- **Remote Lock/Unlock** – Lock or unlock your doors from your smartphone with a single tap. Your vehicle’s doors will lock or unlock when you touch the ‘lock’ or ‘unlock’ button on the vehicle Security screen of the Remote smartphone app.

- **Stolen Vehicle Locator** – Uses tracking technology to alert you to an attempted theft, and guide you to your vehicle’s location for a timely recovery.

- **Journey Tracking** – This opt-in feature can automatically record your trip history including your route and mileage statistics. This information can be exported and sent via email to keep your trip organized.

- **Vehicle Status Check** – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

Land Rover Optimized Assistance – If you breakdown you can make a direct call to the Land Rover Assistance team by pressing the button on the overhead console or from the Assistance screen within the Remote smartphone app.

SOS Emergency Call – In cases where the airbags deploy, SOS Emergency Call will automatically connect you to the emergency response team who will notify emergency services.

**CONNECTIVITY**

Land Rover InControl® is a suite of standard and optional features that connects you to your vehicle and links you seamlessly with the outside world. With a selection of apps, even when you’re away from your vehicle, some of the InControl features stay with you, making sure the Land Rover experience is more enjoyable than ever*.

Search ‘Range Rover Velar Technology’ for full details.

*Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

Vehicle shown above is R-Dynamic HSE in Silicon Silver with optional equipment.

**Remote Package contains subscription services that can be extended after the initial term advised by your authorized Land Rover Retailer. Android™ is a trademark of Google Inc. Apple Watch ® is a registered trademark of Apple Inc., registered in the US and other countries. Mobile network connectivity cannot be guaranteed in all locations. InControl apps will need to be downloaded from the Apple/Play Store.**

TECHNOLOGY

STANDARD FEATURES

**VOICE RECOGNITION SYSTEM**

Understands clear spoken instructions, so you can concentrate on the road ahead with fewer distractions.

**REMOTE PACKAGE**

InControl Remote app provides upgraded information on your vehicle and enables you to interact with your vehicle remotely. Compatible with most smartphones, Android™ Wear or the Apple Watch®. This service includes:

- **Remote Lock/Unlock** – Lock or unlock your doors from your smartphone with the click of a button. Simply press the ‘lock’ button on the Vehicle Security screen of the Remote smartphone app to single lock the doors, and the alarm, fold in the side mirrors and close the windows. Press the ‘unlock’ button to unfold the side mirrors, turn on the low beam headlights and cause the hazard lights to flash twice to help you locate your vehicle.

- **Stolen Vehicle Locator** – Uses tracking technology to alert you to an attempted theft, and guide you to your vehicle’s location for a timely recovery.

- **Journey Tracking** – This opt-in feature can automatically record your trip history including your route and mileage statistics. This information can be exported and sent via email to keep your trip organized.

- **Vehicle Status Check** – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

Land Rover Optimized Assistance – If you breakdown you can make a direct call to the Land Rover Assistance team by pressing the button on the overhead console or from the Assistance screen within the Remote smartphone app.

SOS Emergency Call – In cases where the airbags deploy, SOS Emergency Call will automatically connect you to the emergency response team who will notify emergency services.

**CONNECTIVITY**

Land Rover InControl® is a suite of standard and optional features that connects you to your vehicle and links you seamlessly with the outside world. NAVIGATION PRO

Navigation Pro* allows you to save your favourite places, use pinch and zoom gestures for simple map exploration and can display a choice of either 2D or 3D crystal clear map graphics. 4G Wi-Fi Hotspot, and Pro Services are designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the trip while remaining connected to the world.

Pro Services include:

– Real-Time Traffic Information – Uses live traffic data to give you the most accurate picture of what the traffic is like on the way to your destination.

– Online Search – Whenever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area.

– Planning Routes and Door-to-Door Routing – Before setting off, use the Route Planner app or online search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen. Once you've parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transportation options.

– Share ETA – You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, Share ETA can then send automatic updates via text messages or email, without any further action from you.

– Satellite View – There may be times when you want to get the context of your surroundings from overhead. With Connect Pro you can switch to satellite view with a single tap.

– Street Level Imagery – To help you recognize your destination as you approach it, the screen can display a 360 degree panoramic street level image.

– Real-Time Traffic Information – Uses live traffic data to give you the most accurate picture of what the traffic is like on the way to your destination.

– Commute Mode – Helps you find lost or misplaced items in seconds. Attach a tiny Bluetooth® tracker Tile to your keys, wallet or bag. The easy-to-use Tile app can then help you find these items should they be misplaced. The app is accessible any time through your vehicle's Touchscreen, allowing you to make sure you have everything you need with you, before you set off on your trip.

– Parking Service – As you approach your destination, you can see where parking is available. Simply tap on your preferred parking garage and the navigation system updates to direct you to it.

– Online Routing – While you're on your way to a destination the system monitors live traffic conditions and automatically accounts for traffic patterns for that time of day keeping you on the optimum route.

– Safety Camera – The feature audibly and visually alerts you when approaching a safety camera.

LAND ROVER INCONTROL APPS

Land Rover InControl Apps technology allows vehicle-optimized apps on your Android or Apple smartphone to be controlled through the vehicle's Touchscreen, including contacts, calendar, music player via a USB cable to the USB slot. You can also download third-party apps offering a vast range of services. Applications include:

– Spotify** – Access a library of more than 30 million songs with this seamlessly integrated app. Featuring all the same intuitive functionality as the Spotify smartphone app, you can search songs, stations and recommendations, create playlists and access your music in offline mode.

– Tile† – Helps you find lost or misplaced items in seconds. Attach a tiny Bluetooth® tracker Tile to your keys, wallet or bag. The easy-to-use Tile app can then help you find these items should they be misplaced. The app is accessible any time through your vehicle's Touchscreen, allowing you to make sure you have everything you need with you, before you set off on your trip.

– Garage Alerts – As you approach your destination, you can see where parking is available. Simply tap on your preferred parking garage and the navigation system updates to direct you to it.

– Parking Service – As you approach your destination, you can see where parking is available. Simply tap on your preferred parking garage and the navigation system updates to direct you to it.

– Online Routing – While you're on your way to a destination the system monitors live traffic conditions and automatically accounts for traffic patterns for that time of day keeping you on the optimum route.

– Safety Camera – The feature audibly and visually alerts you when approaching a safety camera.

DRIVER ASSISTANCE

MAKING DRIVING EASIER

From negotiating city traffic or the highway, to providing additional assistance for you and your passengers, there’s a wealth of innovative technologies available; either as standard, optional or as part of an optional package. Whichever you choose, you’ll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

Search ‘Range Rover Velar Technology’ for full details.

STANDARD DRIVE FEATURES

Cruise Control with Speed Limiter allows the driver to maintain the current speed of the vehicle without the need for constant use of the accelerator pedal, making driving easier and more enjoyable. The Speed Limiter will also allow the driver to set a maximum specified speed at which the vehicle will not exceed. Both functions can be easily turned on or off by the driver as desired*.

Adaptive Cruise Control is designed to help keep your vehicle a set distance from the one in front should it slow or stop. Should the vehicle in front start to accelerate, the system will automatically follow the vehicle back to your specified distance. If a collision is unavoidable, Adaptive Cruise Control will engage Intelligent Emergency Braking.*

Adaptive Cruise Control with Queue Assist and Intelligent Emergency Braking

OPTIONAL DRIVE FEATURES

Lane Departure Warning can help make long trips more enjoyable. The system senses when your vehicle is unintentionally drifting out of your lane, and notifies you with a visual alert and a gentle vibration of the steering wheel*.

Adaptive Cruise Control with Queue Assist and Intelligent Emergency Braking

STANDARD PARK FEATURES

Rear Parking Aid helps make reversing into tight spaces easier. When you select Reverse, sensors located in the rear bumper are automatically triggered. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles*.

Rear Parking Aid

OPTIONAL PARK FEATURES

Surround Camera System uses four digital cameras discretely placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this system helps with reverse manoeuvres from parking by a curb, to getting in and out of tight spaces and narrow corners*.††

EFFICIENT TECHNOLOGIES

SUSTAINABLE BY DESIGN

Land Rover is committed to producing vehicles that use more sustainable materials, produce less waste and use fewer natural resources as part of our approach to sustainability excellence. Land Rover is also focused on producing vehicles that can be recycled or re-used at the end of their life, and has been designed to be 85 percent recyclable/re-usable and 95 percent recoverable at the end of the vehicle’s life.

Due to its advanced lightweight properties, the body structure of the Range Rover Velar is 82 percent aluminum. Our innovative design incorporates up to 50 percent closed-loop recycled material from the manufacturing process of the body sheet, resulting in significant performance benefits and lower life cycle CO2 emissions. The closed-loop supply chain reduces scrap aluminum from the stamping process, segregates it and re-melts it into the same grade quality sheet, thereby reducing the need for primary aluminum production, while maintaining the highest quality.

ADVANCED AERODYNAMICS

The streamlined design of our latest vehicle has been carefully optimized to make Range Rover Velar the most aerodynamic Range Rover ever. A rear spoiler with two integrated slots to direct airflow over the tailgate minimizes rear windshield soiling and provides a reduction in drag. The option of aerodynamically designed and engineered wheels can help reduce drag by 5 percent.

ENGINE MANUFACTURING CENTRE

Jaguar Land Rover’s Engine Manufacturing Centre, where our engines are developed, has been built to the highest environmental standard (BREEAM Excellent) and features the largest rooftop solar panel installation in the UK. Comprising no fewer than 22,600 individual panels, which are capable of providing up to 6.2 megawatt (MW) (enough energy to power up to 1,600 homes), the panels generate more than 30 percent of the site’s energy, reducing the plant’s CO2 footprint by over 2,400 tons per year. Search ‘Range Rover Velar Sustainability’ for full details.
DRIVER ASSISTANCE

The Range Rover Velar has been engineered to include standard features to assist you and your passengers, and to help avoid accidents.

The elevated Sports Command Driving Position in the Range Rover Velar provides enhanced visibility. You can see more of the road and be more easily seen by others on the road, providing an enhanced feeling of confidence.

Legendary sure-footed All Wheel Drive (AWD) with intelligent DriveControl (IDD) capability, as standard, helps you stay firmly planted on the road, in a variety of weather or environment conditions.*

The Range Rover Velar is further enhanced by the latest technologies included as standard:

**Dynamic Stability Control (DSC)** monitors the dynamic behaviour of the Range Rover Velar, intervening to enhance vehicle stability. DSC reduces engine torque and applies braking to the appropriate wheels to correct the vehicle’s direction of travel by countering understeer or oversteer.*

**Anti-lock Braking System (ABS)** allows the vehicle to maintain traction with the road surface while braking and prevents wheels from locking – thereby retaining the vehicle’s ability to steer. The system helps to shorten the braking distance.

**Electronic Brake-force Distribution (EBD)** automatically varies the braking force to each axle to minimize stopping distance, while still maintaining stability and the vehicle’s ability to steer.*

**Electronic Traction Control (ETC)** enhances traction and stability by controlling wheel spin. The ETC system reduces torque to the spinning wheel, then applies braking to the wheel, if required.*

**Cornering Brake Control (CBC)** automatically varies the braking force to each wheel when the vehicle’s brakes are applied around a corner and the limit of grip is reached. The system is designed to prevent the vehicle’s wheels from locking up and skidding in this event through varying the braking force applied to each wheel.*

**Roll Stability Control (RSC)** is integrated with DSC to reduce the possibility of rollover, while providing agility and ability to steer around obstacles. It monitors the vehicle motion and cornering forces to detect any potential risk of rollover. When risk is detected, braking is applied to the outside front wheel to reduce forces which contribute to rollover.*

**Emergency Brake Assist** understands when you apply the brakes quickly but without the necessary force to maximize stopping performance. It therefore boosts the brake pressure through the ABS pump to ensure you stop in time.

To help reduce the risk of a collision, the Emergency Stop Signal system automatically activates the hazard warning lights during emergency braking.*

**Autonomous Emergency Braking** – see page 28 for details.

For easier installation, two LATCH points for baby/child seat restraints are fitted on each side of the rear seats and a comprehensive system of six airbags including driver, passenger, side curtain and thorax airbags are standard to protect you.

---

*These options are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.
VERSATILITY

TRULY FLEXIBLE

Range Rover Velar enjoys optimum levels of space. Occupants can enjoy the highest levels of comfort and exemplary levels of storage.

Automatic Access Height, as part of the Electronic Air Suspension*, allows you to get in and out of the vehicle with greater ease. When you arrive in your chosen destination and auto access height lowers the vehicle suspension height by up to 70mm, you open the door, it drops to its full access height of 40mm lower than normal, making entry – and exit – more relaxed and elegant. The ride height automatically returns to its normal height as you pull away.

Exceptional 970mm head clearance and 945mm legroom in the second row enables passengers to stretch out and relax. An electric recline function is also available for the rear seats, offering occupants in the second row additional comfort.

Optional Four-zone Climate Control** helps make life more comfortable for everyone, by adjusting temperature levels, direction and intensity of airflow.

The 40:20:40 second row seat configuration features a rear seat pass-through for storage of items, so arranged and for the greatest possible storage space, the entire row can be folded. Optional rear seat remote release** levers are located in the luggage compartment and, when released, mechanically fold all the seats down. Even when you’re heading off on an extended road trip, there is plenty of space. With a maximum cargo space of 673 litres, you can carry several suitcases or other bulky items with ease.

A tow hitch receiver† with a maximum tow capacity of 2,500kg‡ is available as an option, including all electrics and appropriate attachments for your trailer allowing you to use items from the Land Rover Gear range more easily, adding even more versatility to the vehicle.

Everything has been designed and engineered for ease of use and adaptability, to fit perfectly with your lifestyle. A Tow Package is also available which includes the tow hitch receiver, fixed rear recovery eye, Advanced Tow Assist Δ and Surround Camera◊.

Search ‘Range Rover Velar Versatility’ for full details.

려온 덴트, 로버 덴트에 대한 설명이 포함된 브로셔입니다. 빌딩 로버 덴트에 대한 설명이 포함된 브로셔입니다.

†Requires fixed rear recovery eye. Maximum tow capacity assumes a braked trailer.
‡Maximum tow capacity refers to the 3.0 litre V6 engine. Tow capacity varies by engine choice. Please consult the technical data section for details. Maximum tow capacity assumes a braked trailer.
◊These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.

1 CHOOSE YOUR MODEL

SELECT FIRST EDITION

Range Rover Velar First Edition represents the epitome of the vehicle’s design story. First Edition is only available in the first year of sales and includes the very finest touches and options as standard. It is presented in three exterior colours**: Flux Silver, Corris Grey or Silicon Silver.

Search ‘Range Rover Velar First Edition’ for full details.

Vehicles shown above are the Range Rover Velar First Edition. All exterior colours shown above include rear tow eye cover surround in Indus Silver.

22” 9 SPLIT-SPOKE ‘STYLE 9007’ WITH DIAMOND TURNED FINISH
Standard on First Edition

21” 5 SPLIT-SPOKE ‘STYLE 5047’ WITH DIAMOND TURNED FINISH
Available on First Edition

20” 10 SPOKE ‘STYLE 1032’ WITH DIAMOND TURNED FINISH
Available on First Edition

First Edition includes all of the features available on R-Dynamic HSE (see page 45) plus the following:

PERFORMANCE AND CAPABILITY

Powered by the 380HP engine, the First Edition is packed with standard equipment. See page 37 and 38 for full details.

The following performance features are standard:
– All Terrain Progress Control (ATPC)*
– Terrain Response® 2*
– Configurable Dynamics
– Active Rear Locking Differential*

EXTERIOR

Select the metallic exterior colour Corris Grey or opt for the premium metallic Silicon Silver, or the SVO exterior colour Flux Silver.

Select either the 22” 9 split-spoke ‘Style 9007’ with Diamond Turned finish or choose from one of the two additional optional wheels, the 20” 10 spoke ‘Style 1032’ with Diamond Turned finish or the 21” 5 split-spoke ‘Style 5047’ with Diamond Turned finish.

The following exterior features are standard:
– Exclusive First Edition badging on the B-pillar
– Black contrast roof
– 22” ‘Style 9007’ Diamond Turned wheel

INTERIOR

The following interior features are standard:
– 20-way heated/cooled front seats with memory and massage settings in Light Oyster/Ebony perforated Windsor leather with heated rear reclining seats
– Full Extended Leather Upgrade
– Unique Carbon Fibre with Copper Wire Weave trim finishers with exclusive First Edition script
– Suedecloth headlining
– Illuminated treadplates
– Premium carpet mats
– Configurable Ambient Interior Lighting
– Heated steering wheel
– Heated windshield
– Head-up Display*
– Meridian™ Signature Sound System with 22 speakers and subwoofer
– 4 x USB, 3 x 12V
– Instrument panel chrome ends
– Reduced section alloy spare wheel
– Surround Camera System*
– Activity Key

SELECT RANGE ROVER VELAR OR RANGE ROVER VELAR R-DYNAMIC

To help you choose between the Range Rover Velar or Range Rover Velar R-Dynamic models, this guide provides the standard features across both models, plus the additional features included with the Range Rover Velar R-Dynamic.

The elegant proportions and unmistakable Range Rover design cues create a vehicle that simply demands attention.

STANDARD FEATURES

TRANSMISSION AND DYNAMICS

- 8-speed Automatic Transmission
- Torque Vectoring by Braking*
- Adaptive Dynamics**
- Terrain Response®
- 8-speed Automatic Transmission
- Electric Parking Brake (EPB)
- Single-speed transfer box
- Engine pre-heater
- Permanent AWD with Intelligent Driveline Dynamics
- Advanced Emergency Brake Assist**
- Stop/Start
- Electronic Air Suspension*
- Coil suspension
- Low Traction Launch**
- Speed Proportional Electronic Power Assisted Steering (EPAS)
- Roll Stability Control (RSC)**
- Electronic Brake-force Distribution (EBD)**
- Lane Departure Warning**
- Cornering Brake Control (CBC)**
- Dynamic Stability Control (DSC)**
- Electronic Traction Control (ETC)**
- Hill Launch Assist**

HEADLIGHTS AND LIGHTING

- Customisable headlamps
- Bi-Xenon headlamps (HID)/Built-in LED headlamps
- Full LED headlamps
- Front and rear LED lights
- Follow me home lighting
- Automatic headlights
- Body-coloured sliding panoramic roof
- Solar attenuating windshield
- Solid paint
- Heated exterior mirrors
- Flush deployable door handles
- Rain sensing wipers
- Smart key with push button start
- Memory seats

SEATING FUNCTIONALITY

- Second row centre headrest
- 40:20:40 split fold rear seat
- Two piece sliding front centre armrest
- 10-way electric front seats with driver memory
- Perforated grained leather seats
- Carpet mats
- Meridian™ Sound System with 10 speakers
- Auto-dimming interior rear view mirror
- Air Quality Sensor
- Bluetooth® connectivity‡
- Ambient Interior Lighting
- Two-zone Climate Control

2

CHOOSE YOUR ENGINE

Choose from two powertronic: one diesel and one gas. Range Rover Velar delivers effortless performance from its advanced line-up of refined diesel and gas engines, which are paired with a smooth and responsive 8-speed Automatic Transmission.

### CHOOSE YOUR ENGINE

**DRIVELINE AND ENGINE PERFORMANCE**

#### DIESEL

**ENGINE D180 - 2.0L TURBOCHARGED DIESEL**

- Driveline: All Wheel Drive (AWD)
- Maximum power (hp @ rpm): 180 @ 4,000
- Maximum torque (Ib-ft @ rpm): 317 @ 1,500
- Capacity (cc): 1,999
- No. of cylinders: 4
- Cylinder layout: In-line

**PERFORMANCE**

- Maximum speed* km/h**: 201
- Acceleration (seconds) 0-100 km/h**: 8.9

*If vehicle is fitted with 18" wheels the top speed will be 220 km/h. **Always follow local speed limits.

#### GAS

**ENGINE P380* - 3.0L V6 SUPERCHARGED GAS**

- Driveline: All Wheel Drive (AWD)
- Maximum power (hp @ rpm): 380 @ 6,500
- Maximum torque (Ib-ft @ rpm): 332 @ 3,500-5,000
- Capacity (cc): 2,995
- No. of cylinders: 6
- Cylinder layout: Longitudinal V6

**PERFORMANCE**

- Maximum speed km/h**: 250
- Acceleration (seconds) 0-100 km/h**: 5.7

Visit landrover.ca to configure your vehicle online.

*Editor's Note: The specifications and performance details provided are subject to change and may vary based on specific vehicle configurations and market availability. Always refer to the latest manufacturer information for the most accurate data.
CHOOSE YOUR SPECIFICATION PACKAGE

This guide will help you select your ideal Range Rover Velar. No matter which model you choose, from the standard specification of the Range Rover Velar S (with Package) or SE, to the R-Dynamic in both SE and HSE – you can always select additional options from those featured on page 66 to personalize your vehicle.

Visit landrover.ca to configure your vehicle online.

44

45

**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. **These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.
CHOOSE YOUR EXTERIOR

SELECT YOUR ROOF

The standard body-coloured sliding panoramic roof enhances the sense of space in the vehicle’s interior, flooding it with natural light and opening fully to let the outside in. You can also select the optional Black contrast roof to further enhance your vehicle’s exterior.

*Black contrast roof available with Narvik Black or Santorini Black exterior paint finishes. Includes front bumper lower, door cladding lower, rear bumper lower, pinstripe finisher, and tow eye cover in Corris Grey, and the rear tow eye cover surround in Indus Silver. **Includes rear tow eye cover surround in Indus Silver.

All vehicles shown are R-Dynamic HSE with optional features.

SELECT YOUR PAINT COLOUR

Now you have chosen your preferred roof style, you can select your exterior paint colour. From rich, deep lustres to smooth, crisp metallics, our paints incorporate the latest in pigment technologies. Our solid paints produce a deep flat colour.

Our optional metallics deliver a sparkle finish that is sure to catch the eye. And our optional premium metallic paints further enhance the exterior form through the intensity of the liquid like smoothness to give your vehicle even more presence.

**Seates are available in a choice of five different premium materials, with a range of manual and powered operation including: 1. Memory: a seat that automatically returns to its preferred position. 2. Heating: a seat that can be warmed. 3. Cooling: a seat that can be cooled. 4. Massage: a seat that can be massaged.**

**Perforated grained leather**
- Grained leather is embossed with a natural robust leather grain which makes it both durable and easy on the eye.

**Perforated grained leather and suedecloth**
- Grained leather is embossed with a natural robust leather grain which makes it both durable and easy on the eye.
- This is matched by suedecloth which is an eco-sustainable, lightweight, premium microfibre suede fabric made from recycled materials.

**Perforated Windsor leather**
- Smooth in appearance and extremely supple to the touch, Windsor leather is made using high-grade hides and minimal processing.
- It has a light dye coating so is a more natural product.

**Premium textile and suedecloth**
- A premium, contemporary textile developed in collaboration with Europe's leading quality upholstery textiles manufacturer, Kvadrat. This material is an exceptional new option.
SELECT YOUR INTERIOR COLOUR COMBINATION

A calm sanctuary. That’s how it feels to be in the cabin of Range Rover Velar where the choice of materials, finishes and craftsmanship all combine so effortlessly.

Use the table below to select your colour combinations. Or see the full range in greater detail on pages 59-61.

CHOOSE YOUR INTERIOR

65
CHOOSE YOUR OPTIONS AND LAND ROVER GEAR

SELECT YOUR OPTIONS

A wealth of options are available to select from at the point of ordering your new vehicle, to help you express your individuality and appoint your Range Rover Velar with precisely the premium features you require.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer.

EXTERIOR FEATURES

Roof Rails
Roof rails facilitate easy fitment of cross bars for truly stable roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Available in Black or Silver finishes.

No Badges
You have the option to remove both the derivative and engine badges from the rear of the vehicle.

Heated Windshield
Offers a quick and convenient way to defrost or demist the windshield. Featured heated washer jets prevent washer fluid from freezing so you can easily keep your windshield clean in cold conditions.

*Only available on 3.0L V6 SC (380 HP) engine, standard on First Edition.

DRIVING AIDS

Configurable Dynamics
See page 15 for details.

All Terrain Progress Control (ATPC)
See page 17 for details.

Terrain Response® 2
See page 18 for details.

Active Rear Locking Differential*
See page 19 for details.

TIRES AND SPARE WHEELS

Summer Tires
Summer tire is standard on all wheel sizes except 18". Load index and speed ratings dependent on wheel sizes.

Reduced Section Alloy Spare Wheel
Lightweight reduced section alloy spare wheel. Includes tool kit.

*Only available on 3.0L V6 SC (380 HP) engine, standard on First Edition.

Visit landrover.ca for more information.

SELECT YOUR LAND ROVER GEAR

A range of stylish, tough and practical accessories is available, bringing you the opportunity to personalize your Range Rover Velar even further. These accessories can be purchased through your Land Rover Retailer and added at any stage during the vehicle’s life – not just when it’s new. Naturally, Land Rover Approved Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

For our full range of accessories please search ‘Land Rover Accessories’ to view the online accessories catalogue.

TOURING ACCESSORIES

Cross Bars (Optional Roof Rails required, see page 70)

Please click quick mounting system with integrated torque indicator for easy and secure fixation with a single-handed grip. Opens from both sides with handles on the lid and inside the box, for convenient fitting, loading and unloading. Integrated base mat for extra secure loading. Load capacity seven skis, five snowboards, max length of skis 195cm. Volume 430 litres. Maximum payload 74kg**.

Centre Armrest Cooler/Warmer Box

Decked sushi plate, eclair and parent that works as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long trips with the family.

iPhone® Connect and Charge Dock

The iPhone connect and charge dock has been designed to allow visibility of the phone while charging, utilizing the cupholder space in the centre console. When connected the iPhone media is accessible and has the ability to be controlled via the integrated infotainment/audio system. The 'cut-out' design of the holder is such that the home button is also accessible for use when parked. The iPhone USB charger can be easily disconnected if the USB connection is required for other use.

Click and Go Accessory System

The Click and Go range is a multi-purpose seat-back system for second row passengers. The versatile Click and Go Base fastens between the headrest mountings and further attachments can be added to hold tablet, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.

Wireless Phone Charging Cupholder †

The wireless phone charging cupholder has been designed to allow visibility of the phone while charging, utilizing the cupholder space in the centre console. The holder will accommodate phones up to 75mm wide securely in place. The charger displays an LED light to indicate when charging, and turns off when complete.

TOURING ACCESSORIES

Cross Bars

Click and Go Accessory System

*Roof rails and cross bars are required for all Land Rover roof mounted accessories. Objects placed above the roof may restrict panoramic sunroof operation.

**Maximum payload equals the load capacity of the roof mounted accessory.

†Wiring harness required, VPLYV0125

iPhone® is a trademark of Apple Inc., registered in the US and other countries.
### DESIGN ACCESSORIES
- Carbon Fiber Side Steps
  - Provide a modern and sleek look to your vehicle.
- Carbon Fiber Roof Rails
  - Available with either a matte or glossy finish.
- Carbon Fiber Mirror Covers
  - High-quality covers that enhance the overall appearance of your vehicle.

### SPORTING ACCESSORIES
- Wheel Mounted Bike Carrier
  - Designed to hold a single bike up to 20kg.
- Luggage Carrier
  - Provides a comprehensive and flexible solution for retaining luggage and other items within the cargo space.
- Ski/Snowboard Holder
  - Maximum load capacity 45kg†.
  - Suitable for carrying four pairs of skis or two snowboards.
- Aqua Sports Carrier
  - Maximum capacity of 45kg†.
  - Compatible with the roof rails and cross bars.

### OUTDOOR ACCESSORIES
- Cargo Space Rubber Mat
  - Offers protection for the cargo space trim with waterproof backing.
- Windshield Sun Shield
  - Simple to fit and easily washable.
- Deployable Side Steps
  - Store automatically when the doors are closed.

### OTHER ACCESSORIES
- Luxury Carpet Mats – Ebony
  - Manufactured from stainless steel with a bright finish.
- Front and Rear Mudflaps
  - Protects the exterior edge of your vehicle from debris and dirt.
- Personalized Illuminated Metal Front and Rear Treadplates
  - Provide protection for the cargo space trim with subtle illumination.
- Rear Treadplates feature illuminated halo only.

---

**NOTE:**
- *Not compatible with full size spare wheel.
- **Roof rails and cross bars are required for all Land Rover roof mounted accessories.
- Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system.
- Maximum payload equals the load capacity of the roof mounted accessory.
### TECHNICAL DETAILS

#### DIMENSIONS AND CAPABILITIES

- **Standard Ride Height**
  - With roof rails: 1,657mm (65.3”)
  - With roof antenna: 1,685mm (66.3”)
  - With panoramic roof open: 1,705mm (67.1”)
  - Access height (air suspension setting) will reduce each of the above by 40mm (1.6”)

- **Headroom**
  - Maximum front headroom with panoramic roof: 970mm (38.1”)
  - Rear headroom: 966mm (38”)

- **Legroom**
  - Maximum front legroom: 1,024mm (40.3”)
  - Maximum rear legroom: 945mm (37.2”)

- **Cargo Space Capacity**
  - **Rear seats upright**
    - Height: 1,045mm (41.1”), Width: 1,247mm (49”)
    - Cargo space volume: 673 litres
    - Cargo space width between arches: 1,050mm (41.3”)
    - Length at floor: 1,035mm (40.7”)
  - **Rear seats forward**
    - Height: 1,045mm (41.1”), Width: 1,247mm (49”)
    - Cargo space volume: 1,731 litres
    - Cargo space width between arches: 1,050mm (41.3”)
    - Length at floor: 1,795mm (70.6”)

- **Obstacle Clearance**
  - **Off-Road** (R-Dynamic)*
    - Approach angle: 28.9° (27.2°)
    - Departure angle: 29.5° (29.1°)
  - **Standard**
    - Approach angle: 25.9° (25.1°)
    - Departure angle: 27.3° (26.8°)

- **Turning Circle**
  - Curb-to-curb: 11.6m (38 ft.)
  - Wall-to-wall: 12m (39 ft.)
  - Turn lock to lock: 2.52

- **Wading Depth**
  - **Maximum wading depth**
    - Electronic Air Suspension: 650mm (25.6”)
    - Coil suspension: 600mm (23.6”)

**These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Please exercise caution due to unpredictability of water depth in most environments. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.

- **Vehicle shown is R-Dynamic HSE in Silicon Silver with optional equipment.**
- **Electronic Air Suspension only.**

THE WORLD OF LAND ROVER

THERE’S A WORLD OUT THERE

Your Land Rover vehicle has been designed and engineered to help you make more of your world. It can take you to places other vehicles simply can’t reach in a style that cannot be matched. To celebrate the Land Rover lifestyle, we’ve put together a range of experiences, publications and Land Rover branded goods. There’s a world to explore. Get out there and enjoy it.

LAND ROVER EXPERIENCE

Land Rover Experience Centres have expert instructors on hand to help you make the most of driving Land Rover vehicles. You can enjoy a Taster Drive to a Full Day course at one of the centres in our expanding network around the world, or go even further on one of our Adventure Travel holidays.

ONELIFE MAGAZINE

The official Land Rover magazine features the best in photography, authoritative journalism and expert insights. Onelife takes you right into the heart of exclusive experiences and extraordinary adventure, while keeping you up to date with the latest innovations, design and lifestyle choices.

PARTNERSHIPS

We are delighted to partner with individuals, teams and events who share our pioneering spirit. As Title and Exclusive Innovation Partner to Ben Ainslie Racing, Land Rover are an integral part of the team challenging for the biggest prize in world sailing, the 35th America’s Cup. With pioneering spirit core to what makes Land Rover unique, our association with Virgin Galactic continues a proud tradition.

HUMANITARIAN PARTNERSHIPS

Since 1954, Land Rover have supported the International Federation of Red Cross and Red Crescent Societies (IFRC) in reaching 150 million people needing aid in 189 National Societies.

SPECIAL VEHICLE OPERATIONS

Utilising the very latest in technologies and craftsmanship, our state-of-the-art Special Vehicle Operations facility creates the ultimate in truly personalized vehicles.

LAND ROVER COLLECTION

Our latest range of clothing and luxury leather goods is crafted with the same design excellence and attention to detail as our vehicles. We also have a collection that honours Land Rover’s unique heritage and features expedition-inspired gifts and apparel.
YOUR PEACE OF MIND

CUSTOMER SERVICE

When you bring your Land Rover vehicle to us, we use proprietary Land Rover diagnostic equipment to assess all your vehicle's mechanical and electronic systems. Our factory-trained Technicians use tools specifically designed for our vehicles and only fit genuine Land Rover parts and accessories. A choice of service plans are available which, together with Roadside Assistance, ensure complete peace of mind.

For further details contact your local Land Rover Retailer.

LAND ROVER ROADSIDE ASSISTANCE

Land Rover Assistance provides assistance in motoring emergencies, from immobilization due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicle warranty period.

For further details please consult your Warranty Benefits handbook, contact your nearest Land Rover Retailer.

LAND ROVER FINANCIAL SERVICES

Getting the keys to your very own Land Rover has never been so simple. And it's more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control.

For further details contact your local Land Rover Retailer.

FLEET & BUSINESS

Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service. Distinctive, capable and versatile, all Land Rover vehicles deliver low Total Cost of Ownership through strong residual values, competitive service and low maintenance and repair costs.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

For further details contact your local Land Rover Retailer.

IMPORTANT NOTICE: Jaguar Land Rover Limited invests constantly seeking ways to improve the quality of its products. While every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

If your Land Rover vehicle is fitted with equipment adding to its total price, then the invoice price will show the total price and the amount added due to equipment. Any other amount, if any, will be shown separately. All Land Rover Retailers are independent contractors and/or Franchisees of Jaguar Land Rover Canada, ULC.

All our programmes are designed with a minimal impact on Land Rover vehicles. While every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.
