CERTIFIED PRE-OWNED

INSPIRING CONFIDENCE FOR SEVEN DECADES

Since its first vehicle launched in 1947, Land Rover has encouraged owners to explore new places and conquer difficult terrain. Around the globe, Land Rover vehicles continue to be willing partners, whether transporting air workers to regions in need, engaging in archaeological and environmental expeditions, or simply getting you there, no matter the weather.

Every day in some corner of the world, Land Rover vehicles are accomplishing extraordinary deeds...and making everyday driving a pleasure. Land Rover capability is unquestioned. But the success and longevity of the brand owes as much to the vehicle's unique blend of luxury, safety and versatility.

Select your next vehicle from the distinctive line of Land Rover vehicles. The Land Rover Approved Certified Pre-Owned Vehicle program can transform your dream of owning one of these legends into a reality.

Land Rover truly enables you to make more of your world.

IMPECCABLE QUALIFICATIONS. TESTED. PROVEN. GUARANTEED.

Only the best of the breed qualify as an Approved Certified Pre-Owned Land Rover vehicle. These select vehicles are fully endorsed by a professional Land Rover Technician, your Land Rover Authorized Retailer, and Jaguar Land Rover Canada ULC. In order to be an Approved Certified Pre-Owned Land Rover vehicle, the vehicle:

- The vehicle must be no more than five years old from its first retail sale.*
- The vehicle must have accrued fewer than 100,000 kilometres on the odometer, calculated from zero kilometres.
- The vehicle must pass a rigorous 165-point inspection that verifies its superior condition. The inspection process involves scrutinizing the vehicle’s interior and exterior, inspecting under the hood and chassis, and taking the vehicle on the road for a final test.
- If any deficiencies are detected, they are corrected by a Land Rover Retailer using only genuine Land Rover parts.
- Every Land Rover Approved Certified Pre-Owned vehicle is backed with a CarFax vehicle history report.

ABOVE AND BEYOND

As you consider which model is right for you, remember that Land Rover has always had a single focus - engineering vehicles that inspire confidence on and off every road. Whether you’re looking for off-road adventure or discovering a new neighbourhood, the capability and luxury of a Land Rover vehicle is ready to face the challenge. That’s why, after almost 75 years, Land Rover continues to go above and beyond.

LAND ROVER DISCOVERY

The most versatile seven-seat SUV

The Discovery takes versatility to new levels. Available three rows of heated seats means each occupant can set their level of warmth. Optional Intelligent Seat Fold allows you to reconfigure the second and third row to create up to 2.1 cu. m. of cargo space. Along for the ride, everyone will enjoy the available Meridian™ Audio sound system and multiple USB ports. Land Rover All-Wheel Drive (AWD)* for confidence on-road or off, plus a towing capacity of up to 8,200 pounds make the Discovery ideal for adventurous families.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the Owner's Handbook or your Land Rover Authorized Retailer for more details.

LAND ROVER DISCOVERY SPORT

Rugged agility and luxurious conveniences

The Discovery Sport offers a sleek, aerodynamic silhouette, legendary Land Rover capability and flexible interior configurations. The optional 5+2 seating arrangement provides accommodations for five adults and two children in the back. Premium materials are used throughout its interior, and available technologies range from smartphone connectivity to in-car Wi-Fi. With capability and composure in equal measures, the Discovery Sport is engineered for the joy of adventure.

LAND ROVER DEFENDER

Capable of great things

Featuring our toughest materials yet and tested to its very limits, the Defender has been designed for optimum durability. This most capable Land Rover vehicle was built to handle extreme terrain with confidence, and just as easily take you from the urban jungle to shifting sands and icy environments. Available as the two-door Defender 90 or four-door Defender 110, and with up to 395 horsepower, this thoroughly reengineered vehicle is a Defender for the 21st century.

RANGE ROVER EVOQUE

Make a statement

Its stunning silhouette stands out in a crowd, while its compact footprint and advanced technology provide rewarding performance and efficiency.* The Range Rover Evoque, available as a five-door or coupé, is powered by a turbocharged 2.0-litre engine that delivers responsive acceleration and passing power. On- and off-road dynamics are ensured with Terrain Response® and permanent intelligent All-Wheel Drive.* Make a statement of your own with the sophisticated Range Rover Evoque.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the Owner's Handbook or your Land Rover Authorized Retailer for more details.

RANGE ROVER SPORT

Driver focused

Settle back into the driver's seat of the Range Rover Sport, and one thing is immediately apparent - it demands to be driven. The Range Rover Sport delivers confident performance and road handling. The cockpit is driver-focused, and the passenger environment is, of course, designed for comfort. A compelling blend of any-road capability and responsive performance, the Range Rover Sport may fit your personality...perfectly.

RANGE ROVER VELAR

An undeniable presence

With clean, flowing lines that are both elegant and distinctive, the Range Rover Velar presents a confident face to the world. Inside, the latest technology has been designed and crafted to help you and your passengers arrive relaxed. The standard Touch Pro™ Duo infotainment system beautifully integrates two 10-inch high-definition touchscreens. Whether driving down the highway or negotiating a tricky country lane, Intelligent Driveline Dynamics and torque-on-demand All-Wheel Drive* deliver outstanding on-road composure and full off-road capability

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the Owner's Handbook or your Land Rover Authorized Retailer for more details.

RANGE ROVER

Without peer

The Range Rover is considered by many to be the ultimate luxury sport-utility vehicle - perhaps even the ultimate vehicle, full stop. Classically contoured exterior design. Sumptuous, handcrafted interior. And, of course, legendary permanent four-wheel-drive and Terrain Response® that optimize traction.* Quite simply, the Range Rover is designed to deliver supreme elegance and exceptional levels of capability in a single vehicle.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the Owner's Handbook or your Land Rover Authorized Retailer for more details.

*Please remember that the safety belts in a Land Rover vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belt. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

**These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Land Rover Authorized Retailer for more details.

†Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, (InteractiveVoice™), and other devices, even with voice commands, when it is safe to do so.
