

LAND ROVER GEAR - ACCESSORIES

# DISCOVERY

ABOVE & BEYOND

# EXPERIENCE LAND ROVER GEAR

The Discovery brings new levels of desirability and versatility to the fore and is ready to meet the needs of your journey, no matter the conditions. You can look forward to spectacular performance on- and off-road and the perfect way to ensure it meets your specific needs is to personalize your vehicle with Land Rover accessories.

We've designed four Accessory Lifestyle Packs for the Discovery to help you easily enhance your vehicle to suit your lifestyle. Choose between the Sports, Touring, Design or Active Packs, all of which allow you to give your Land Rover the stamp of individuality it deserves.

We carry a wide range of stylish and practical interior and exterior accessories, including the Click and Go range, the iPhone Connect and Charge Dock, Wireless Phone Charging Cupholder and helpful load space attachments. We also offer a variety of carrying and towing components, wheels and wheel accessories.

Find out more about the accessories available for the Discovery at [gear.landrover.com](http://gear.landrover.com).

## Meticulously Designed and Engineered

Land Rover accessories are engineered by the same team who designed your vehicle. They are the experts who understand every inch of your Land Rover and its capabilities. Their expertise allows them to create accessories that complement the overall design of your vehicle, while optimizing performance.

## Tested to the Highest Standards

All Land Rover accessories are rigorously tested and inspected to ensure they meet the exacting standards you expect from Land Rover. This ensures they always work in harmony with your vehicle.

Accessories are tested in extreme hot and cold temperatures to ensure they will perform in all conditions, year round.

Corrosion resistance testing ensures accessories can withstand demanding climates such as coastal conditions, while a series of tests ensures seamless integration with the existing safety features of your Land Rover.

Bespoke testing ensures that accessories are put through their paces in a series of tests that suit their design, function and the materials from which they're made. Exterior accessory testing, for example, includes:

- Exposure to up to two years of direct sunlight known as 'Florida Weathering'.
- Heat Aging Test for 500 hours.
- Extreme Heat Test ranging from -40°C to 80°C.
- Heat Shock Testing during which parts are cooled to -40°C for 16 hours, then heated to 70°C for 5 minutes.
- Humidity Resistance Test where accessories are subjected to 168 hours at 48°C in 95-100% humidity.
- Accelerated Environmental Cycle Testing comprising a relentless barrage of salt, dirt and dust to simulate real world driving.

## Quality Assured

For additional peace of mind, all Land Rover accessories come with a minimum 12-month warranty or can be covered under your vehicle's existing warranty if they're purchased within the first month of ownership or 1,600 kilometres (whichever comes first).

## GO WHEREVER, CONNECT WHEREVER

## CONNECTIVITY

Choose from two great in-car phone charging devices to ensure that you're never out of touch while on the road. Designed to keep your device visible while it charges, each of these chargers fits neatly into the cup holder space in the centre console of the Discovery.

### Wireless Phone Charging Cupholder

The wireless phone charging cupholder has been designed to charge utilizing the cup holder space in the centre console. The holder will accommodate varying phone sizes securely in place. The charger displays an LED light to indicate when charging and turns off when complete. Fits phones up to 72 mm wide.

### iPhone Connect and Charge Dock

The iPhone connect and charge dock has been designed to charge utilizing the cup holder space in the central console. When connected, the iPhone's media is accessible and has the ability to be controlled via the integrated infotainment/audio system. The 'cut-out' design of the holder is such that the home button is also accessible for use when parked. The iPhone USB charger can be easily disconnected if the USB connection is required for other use.

## TREAT YOUR PASSENGERS TO FIRST CLASS

### Click and Play\*

This removable tablet holder attachment can be easily positioned at multiple angles for in-cabin comfort and rear entertainment.

## CLICK AND GO

The Click and Go range is a multi-purpose seat back system for second row passengers. The versatile Click and Go Base attaches between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.

### Click and Work

This folding table offers the rear passengers a practical surface from which to work, particularly useful on long journeys. It also has a cup holder and is height and angle adjustable for in-cabin comfort.

### Click and Hang

This removable coat hanger allows shirts or jackets to be kept crease-free while transporting. Also includes an integral hook for use outside the vehicle.

### Click and Hook

This universal hook creates extra storage space for items to be hung, especially useful for handbags or groceries.

## MAKE THE MOST OF YOUR SPACE

## LOAD SPACE CAPACITY

Practical and minimal accessories designed to keep your luggage organized and secure, while also protecting the interior of your vehicle.

### Luggage Partition – Full Height

Available as full height and half height, the luggage partition is designed to prevent luggage from entering the passenger compartment. The design of the luggage partition has been optimized to second row seating featuring tilt functionality.

### Luggage Partition – Divider

Can be fitted to the luggage partition to separate the load space into two sections.

### Load Space Rubber Mat

Land Rover branded waterproof rubber mat, with retaining lip, helps protect the rear load space carpet from general dirt. Also available in Espresso.

## LOAD SPACE CAPACITY

### Load Space Partition Net

Convenient load space partition net helps protect passengers from stored items. The net fits to the load space 'D' loops and attachments in the roof lining. Easily detaches for when carrying longer loads.

### Load Space Retention Net

Secure small items and luggage within the load space. Utilizes load space tie-down points. Includes floor net and two ratchet straps that are approximately two metres long.

### Load Space Retention Kit

The load space retention kit consists of a pack of attachments that attach to the load space rails via a quick lock/quick release system to help provide a comprehensive and flexible solution for retaining luggage and other items within the load space.

## CREATURE COMFORTS

## PET PRODUCTS

Practical pet pack accessories designed especially for your Discovery.

### Portable Rinse System

Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for washing pets before loading or rinsing down other equipment from bikes to wetsuits. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower hose-style attachment. Without the need for batteries or external power, the system utilizes pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurize if filling the water tank away from home. Featuring a Land Rover branded cover and handle.

### Foldable Pet Carrier

The foldable pet carrier provides a safe, comfortable environment for the transportation of pets, making it ideal for owners who regularly carry dogs or other pets in the load space area of their vehicle. Windsor leather carry handles and corner pieces provide a premium finish, with a side pocket providing a convenient storage option for other pet accessories or small items.

## PET PRODUCTS

### **Pet Access Ramp**

Designed with optimal dimensions and angle, the pet access ramp assists pets into the load space area without the owner having to lift them, making it ideal for owners who regularly carry dogs or other pets in the load space area of their vehicle.

### **Spill Resistant Water Bowl**

Providing a convenient solution for use in transit or outside of the vehicle, the spill resistant water bowl incorporates a clever design feature that redirects water towards the centre of the bowl when the water is disturbed, making it ideal for owners who regularly carry dogs or other pets in their vehicle.

## EVERY SEASON IN STYLE

## EXTERIOR STYLING

PET PRODUCTS

PRODUCT NAME	DESCRIPTION		PART NUMBER	PRICE
Pet Access Ramp	Designed with optimal dimensions and angle, the pet access ramp assists pets into the load space area without the requirement of the owner having to lift them, making it ideal for owners who regularly carry dogs or other pets in the load space area of their vehicle. The ramp is suitable for use for pets up to 85 kg and features aluminum side panels and a plastic centre section with a high-grip tread pattern. Rubber feet help to prevent the ramp slipping and retaining straps secure it to the load space 'D' loops, providing a lightweight but robust, practical solution. The ramp weighs 8 kg and can be folded for storage in the storage bag provided. Height 11 cm, width 41 cm, length when open 193 cm and length when closed 83 cm.	Large	VPLRS0517	\$574.50
Spill Resistant Water Bowl	Providing a convenient solution for use in transit or outside of the vehicle, the spill resistant water bowl incorporates a clever design feature that redirects water towards the centre of the bowl when the water is disturbed, making it ideal for owners who regularly carry dogs or other pets in their vehicle. The bowl retains an open area allowing your pet to take a drink at all times, has an anti-slip rubber base and also a retention strap for securing it to the load space 'D' loop. The bowl has a spill resistant capacity of 350 ml.		VPLCS0518	\$80.64
Portable Rinse System	Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for washing pets before loading or rinsing down other equipment from bikes to wetsuits. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower hose-style attachment. Without the need for batteries or external power, the system utilizes pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurize if filling the water tank away from home. Featuring a Land Rover branded cover and handle, with an additional storage bag, it can be secured to the load space 'D' loops during transit, making it ideal for owners who regularly carry dogs or other pets in the load space area of their vehicle.
